

# what I love about Fall.....

I love that **Halloween** is in Fall, and me family and friends always throw an awesome party at my house we bob for apples, have a hay ride, and wear spooky costumes. I also love all the feasts that are in Fall, like the locomotive chase festival, and the sargum festival in Gatlen Burg, me and my family went last year, there are museums carvers and restorants there are also some pretty cool booths were you can buy stuff. The last time I went there was a magician in one of the booths there was also a carnival kind of thing outside were a woman stood on top of a power line and two men on moter cycles were in a big ball an rode on top of the ball at the same time they called the ball the death ball because they could of ran into each other. Another thing I like about Fall is Thanksgiving me and my family always say what we are thankful for, all of us say family. Also my mom makes the best pumpkin pie ever!!!!!! yum. I love the cool breeze on my face and it's not hot like summer and that's what I love about FALL!
